WE'VE TAKEN A DEEP-DIVE INTO TRIBOLOGY
TO EXPAND THE PARAMETERS OF PERFORMANCE.

SIZE : 4" x 16" 4.5" X 16" 5" X 16"

SUPERIORITY, SIMPLIFIED:

15,000 PSI operating pressure

125 BPM system integration

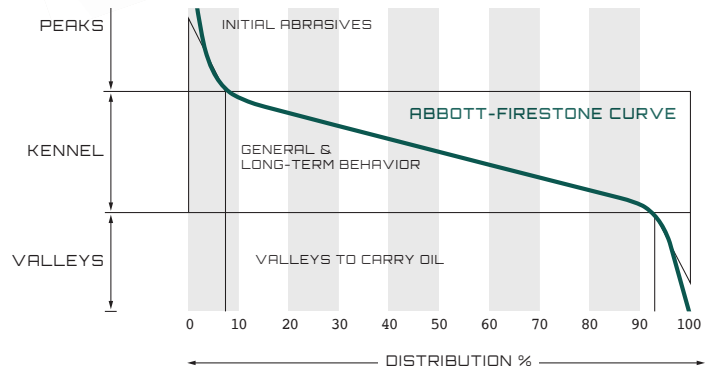

BEST IN CLASS quality

ADVANTAGES:

- > Maximum load-bearing area
- > Optimized tribology of surface finish
- > Optimized surface profile for bearing ratio
- > Diffusion-bonded coating
- > Thermal-bonding to substrate
- > High-performance coating
- > Unrivaled quality control systems
- > Maximization of the lubrication layer

ABBOTT-FIRESTONE SURFACE PARAMETERS

APPROVED :

ST9 is the industry leader for performance, cost, and quality. We have taken great measures to attain this position, and our team works tirelessly to maintain our superiority every day. Through that, we maintain our customers' continued satisfaction.
